**CC:** Dana Dean; Jed Pearson; Leslie Heppler; Paul Baker; Steve Alder Stuart,

Paul reminded me that by allowing an extension you will miss the filing deadline for our Board. The next request for Agency Action will be due on August 11 with hearing date of September 24. Please ensure that you meet that deadline since the Board must approve the release of sites associated with their contract and this is integral to the new reclamation surety cost estimate.

American Gilsonite currently has \$514,000 reclamation surety posted with the Division. As detailed in the letter assuming the Board approves the release of certain sites the new reclamation surety is \$795,000. Since the site is currently under bonded AGC must post the difference of \$281,000 by July 18, 2008 and not wait until the Board Hearing. Please contact Jed Pearson ([jedpearson@utah.gov](mailto:jedpearson@utah.gov) or 801 538-5382) when working on the documents to increase the surety.

As I recall, the letter said they needed to file to be heard at the August Board hearing by July 10. I'm not certain of the Board schedule, but I think this will put them off until September.

Mr. Stuart, The extension to respond to July 18, 2008 is approved. We are expecting to receive the increased reclamation surety amount with the response. Thanks Susan
